

LOW BIDS FOR
WORK AT ADAMS
HOME \$31,496

Cost of the new boiler building and heating plant at the Adams County home will be \$31,496.55, according to bids submitted to the county commissioners this morning. The plant will replace old furnaces and "bucket-a-day" water heaters in all buildings at the home.

Awarding of the bids must await court approval, expected within a week or ten days, but the low bidders for each of the three projects are expected to be granted the contracts.

Worden and Shewell, Inc., York, was the low bidder for the heating equipment, with a bid of \$25,675. The other bids were: Vernon C. Reaver, Littlestown, \$27,499.50; I. H. Crouse and Sons, Littlestown, \$28,430; Keystone Grate and Blower Works, Chambersburg, \$31,348; Conewago Plumbing and Heating (W. H. Mecke, McSherrystown), \$35,272.80.

Hostetter Is Low

Low bid for the general contract to construct the approximately 30 by 30 foot building which will house the heating plant was submitted by O. H. Hostetter, Inc., Hanover, \$4,478. I. H. Crouse and Sons bid \$5,475 for the work.

The low bid, \$1,343.55, was submitted for the electrical contract by Stanley Hull, Gettysburg. R. D. Stanley Stover, Littlestown, bid \$1,774.

Total of the three low bids is \$31,496.55, with Alfred R. Hamme, the architect, who was present for the opening of the bids, describing the amount as "low."

Grant County Aid

A two-story frame building, once used as a shoemaker's shop and long since unused, but standing on the site where the new building is to go, has already been removed, County Home Steward Herbert Taylor reported to the commissioners today.

The structure was sold last week to Raymond Foulk, Table Rock, for \$35. Foulk was the only bidder for the ancient structure.

County aid totaling \$2,707.82 was authorized for Mt. Pleasant Twp. with the supervisors there planning, according to their petition, to grade and place drainage and topping on 110 of a mile of road.

TAKES 6 HOURS
FOR VOTE COUNT

Six hours were required by some election boards Tuesday to count their primary ballots and get the returns to the court house but Highland Twp. took the honors for the first board in by reporting its count at the court house at 10:12 p.m., just 72 minutes after the polls closed.

Last district in was Menallen Twp. at 2:56 a.m. and Reading and Latimore had come in only a few minutes earlier.

The second district to report was the second precinct of Mt. Pleasant Twp. at 10:40 p.m. Fifteen minutes later Mt. Pleasant No. 3 came in. By 11:40 p.m., 16 districts were in. By 12:30 a.m. there were only 13 districts missing and at 1:30 a.m. only six were out.

The district with the lightest vote of the day came in about midnight. It was the second district of Hamilton Twp. where two Democrats and 14 Republicans voted.

The First Precinct and the Second Ward came in at 2 a.m. to complete the Gettysburg vote.

The polls closed at 9 p.m.

PLAN HEARING
IN FORECLOSURE

Walter H. Compton, Harrisburg, referee in the bankruptcy of the Gettysburg Ice and Storage Co., today announced that a meeting of the creditors will be held at the Federal Court Room in the U. S. Post Office, Harrisburg, June 2 at 11 a.m. to consider a petition of The Gettysburg National Bank in the case.

The local bank, according to Compton's notice to the creditors, has asked permission to proceed with foreclosure under the terms of its mortgage and judgment note against the real estate of the bankrupt Gettysburg Ice and Storage.

The bank claims, Compton said, that the value of the mortgaged property does not equal the balance due and owing on the mortgage and judgment note held by the bank against the company, and therefore there is no equity in the real estate for general creditors.

According to the bank's petition, the mortgage is \$40,000 with interest at five per cent from November 10, 1953, and the balance on the judgment note is \$2,550 with interest at 5 per cent from December 27, 1953. The real estate of the Ice and Storage Co. has been appraised at \$46,000.

BANKER TALKS
TO EXCHANGE
CLUB TUESDAY

The role of savings bonds as the "safety valve" to our national economy in the event of a business slowdown or unemployment was outlined Tuesday evening by Edmund W. Thomas, president of the First National Bank and county chairman of the U. S. Savings Bond Division, at the weekly dinner-meeting of the Exchange Club, at Banker's Restaurant.

Thomas said that in 1954 approximately 80 billion dollars worth of Series E and H bonds, making up almost one-third of a 275 billion dollar national debt, will mature and that "only by sales of bonds over the 1954 redemption figure can a stabilized economy be maintained and payments made on the debt."

"Liquid Savings"

"The redemption must be met out of the sale of savings bonds or else borrowed," Thomas added. He said that in the first two months of 1954 the campaign for the sale of Series E and H bonds "has pushed over the redemption standard by 175 million dollars."

The banker also revealed that the 37 billion dollars worth of E and H bonds held by 40 million individuals "has built up the liquid savings of the citizens of this nation to an amount exceeding 200 billion dollars—a pool made up of savings accounts in banks, savings of building and loan associations, the cash surrender value of life insurance, and savings bonds."

"It is this figure which will act to cushion the national economy in the event of a future business slump or unforeseen unemployment," Treasury Department statistics were cited showing that eight million wage and salaried workers are the largest holders of Series E bonds, the original World War II "war bond."

The speaker recalled that during World War II "there was not a single one of the eight drives in the County which did not go over the top . . . and on the fourth, Adams was the first of Pennsylvania's 67 counties to exceed its quota."

The club voted \$15 to pay for gas used by the bus which last Saturday took a group of safety patrol members to a baseball game in Philadelphia.

President Thomas E. Brenner appointed Ernest H. Simpson as the representative to the Advisory Board of the Recreation Association, and selected Philip Neth, chairman, Clyde Williams and Crosby Hartzell as members of the Flood Committee for the annual July 4th parade.

DEMOCRATS VOTE

Less than half of the eligible Republicans voted Tuesday and only one in five registered Democrats took the time to go to the polls at the Primary elections, Tuesday night's tabulations showed. The countywide figure on the voting was 35 per cent of the registered electors.

Figures compiled at the court house showed that 45 per cent of the Republicans in the county went to the polls. There were 4,783 Republican votes cast but there are 10,618 registered GOP voters.

On the Democratic slate 1,528 cast ballots from among the 7,433 who were registered for a percentage of 20.5.

BETTER THAN IN 1950

The total number of votes cast Tuesday was 6,311 but 18,051 were registered and eligible for ballots.

The election cost the county \$3,375 in pay for election board officers and rentals for voting places.

In the last gubernatorial year, 34 per cent of the voters in the county voted when 6,100 ballots were cast and the records show that there were 1,540 more votes cast in the 1950 primary than in 1948.

ICC REFUSES TO INTERVENE IN BATTLE FOR NYC

WASHINGTON (AP)—The Interstate Commerce Commission today refused to intervene in the bitter proxy battle for control of the New York Central Railroad.

The commission, in a brief order, said it had "concluded that the interests of justice would not be advanced" by granting Central's request for intervention. No further reasons were given for the rejection.

Central's present management had asked the ICC to require rail magnate Robert R. Young and his associates in Allegheny Corp. to file a formal application before the ICC in connection with their move to take over Central control.

Claimed Necessary
Central argued the application was necessary because of Central's stock control of some smaller railroads. Its petition noted that the Interstate Commerce Act forbids acquisition of control of more than one carrier without ICC assent, and said that if the Young group got control of Central it would at the same time unlawfully acquire control of the smaller carriers. These include the Pittsburgh and Lake Erie Railroad and the Indiana Harbor Belt Line.

Central's management also contended that because Young and Allegheny had controlled the Chesapeake & Ohio Railroad until the first of the year, there was some undisclosed plan to put Central and C. & O. under common control. The ICC ruled in 1948 that there could be no such common control, under the anti-trust laws, because of substantial competition between the two lines.

Driver In Hospital; Car Damage \$2,500

Donald W. Bair, 27, Hanover, was removed to the Hanover Hospital suffering from shock, and his car was demolished, with the loss estimated at \$2,500, when the vehicle struck guard rail posts one mile south of Cross Keys on the Hanover Rd. at 11:25 o'clock Tuesday night.

State police, who investigated, said Bair, traveling south, near the intersection with the road leading to the Lincoln Speedway, attempted to pass a car driven by Charles T. Baker, 21, Hanover, R. 3, as Baker slowed preparatory to making a left turn.

The Bair car, police said, apparently "tipped" the bumper on the Baker vehicle, causing \$5 damage to that car, as Bair attempted the pass.

The slight collision with the Baker car apparently threw the Bair vehicle out of control, police said, and it plunged into the guard rail posts.

Washington News Letter

By Jane Eads

WASHINGTON (AP)—Wives of members of Congress really have fun and make warm friends at the get-togethers of their own special club. By-passing politics, and alternating leadership between Republicans and Democrats, the Congressional club is much like their women's clubs back home—luncheon, teas, bridge parties, bazaars, a tenor singing at musicales.

The club celebrated its 46th birthday at a very fancy brunch recently with seven past presidents and six new members as guests of honor. All wore yellow carnations with royal blue ribbons, the club's colors. Tables set about the handsome white and gold ballroom, with its bright red accents and array of state flags, were gay with spring flowers.

Wore Perky Red Hat
The president, Mrs. Lawrence H. Smith, wife of the Republican congressman from Wisconsin, wore a perky new red hat as she introduced some of her predecessors. They included Mrs. Harold H. Burton, wife of the Supreme Court justice; Mrs. Daniel A. Reed and Mrs. John Taber, wives of Rep-

IKE WILL NOT RESCIND SECRET HEARING ORDER

WASHINGTON (AP)—President Eisenhower said today he has no intention whatsoever of relaxing or rescinding his secrecy order that led to suspension of the McCarthy-Army hearings.

Eisenhower also told a news conference he hopes the hearings will resume and continue until the key principals have had a chance to bring out all the facts, and let the chips fall where they may.

The President strongly indicated the Army was acting on its own—rather than on White House orders—in the events which led up to the head-on clash between high Pentagon officials and Sen. McCarthy (R-Wis.).

He said Secretary of the Army Stevens undoubtedly will make a statement about what Eisenhower called the disassociation between the Army and higher levels of the administration.

Ike Is Astonished
The President said he was astonished to find his secrecy order of Monday had been used as a reason or an excuse to suspend the hearings.

He said one of his main purposes in issuing his order was to keep the televised hearings on the rails, to keep them from wandering off into a side issue.

Eisenhower's order forbade Army Counselor John G. Adams, who was on the witness stand at that time, from giving details of a Jan. 21 meeting at which the Army's problems with McCarthy's Senate Investigations Subcommittee were discussed.

John Adams had said previously that Sherman Adams, top assistant to the President, advised him at that meeting to draft a written record of the Army's difficulties with McCarthy over alleged requests for special treatment for Pvt. G. David Schine.

Hearings Suspended
Shortly after the Eisenhower secrecy order was issued, the hearings were suspended so that Senate investigators could try to get the President to withdraw, modify or at least clarify it.

McCarthy contends he will be unable to present his case unless he can show what role White House officials may have played in the Army's bringing of "pressure" charges against him and aides Roy M. Cohn and Francis P. Carr. Acting Chairman Mundt (R-SD) took on the assignment for the committee of determining whether the Presidential order could be modified.

He had a luncheon conference scheduled with Atty. Gen. Brownell to discuss the matter. Republican senators had come up with the idea that perhaps Brownell could issue a statement about the Jan. 21 conference.

John Adams had testified that Brownell along with Sherman Adams and Ambassador Henry Cabot Lodge Jr. were among those attending it.

Statement Forthcoming
Eisenhower's assertion that Secretary Stevens would have a statement about the disassociation of the Army charges and that meeting seemed to dim the prospect of any Brownell statement.

The President did not make clear whether he meant Stevens would issue a written statement or would make an oral statement to the subcommittee.

Stevens has been a witness before the group and could go back to make such a statement.

Eisenhower's stand that he would not rescind his order was not unexpected.

public representatives from New York, and two Democratic congressmen's wives, Mrs. Clifford Davis of Tennessee and Mrs. James C. Davis of Georgia.

The ladies had an hilarious time listening to a musical skit arranged by the talented Mrs. Noble J. Gregory, wife of the Democratic congressman from Kentucky, and Mrs. Joseph A. Herbert Jr., of North Dakota, pianist. The handsome leading man, a dark-haired fellow with a red carnation in the buttonhole of his gray suit and a label "U. S. Congressman," was a "friend of Mrs. Gregory's"—a department store dummy! Members of the club's 17-woman chorus made up to him in pantomime, performing such wifely duties as straightening his tie and picking his pocket.

WASHINGTON (AP)—Teaching nursing to housewives in their homes via television is being tested in a series of 14 half-hour broadcasts over station KUHT of the University of Houston, Texas.

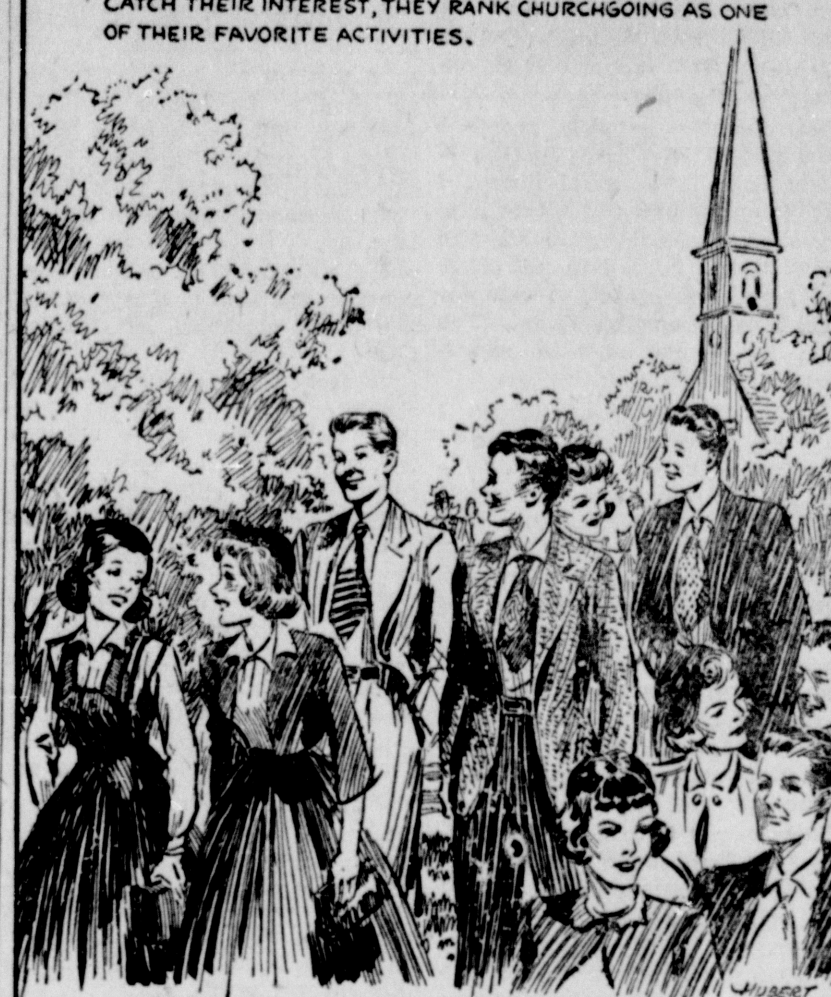

The courses, which deal with home care of the sick are under the sponsorship of the Nursing Service of the National Red Cross and are demonstrated by one of its field staff of 55 trained instructors.

Faith of their Fathers

THE NATION'S YOUTH SENSE THE SOURCE OF STRENGTH, AS THEIR FATHERS DID BEFORE THEM. NOTWITHSTANDING NEW DEMANDS ON THEIR TIME AND NEW INVENTIONS TO CATCH THEIR INTEREST, THEY RANK CHURCHGOING AS ONE OF THEIR FAVORITE ACTIVITIES.

AS WE END THE OBSERVANCE OF ANOTHER SUNDAY SCHOOL WEEK, WE CAN REJOICE THAT TEEN-AGERS, EVEN IN THIS DAY OF CARS, MOVIES, RADIO AND TELEVISION, PUT CHURCH ATTENDANCE WITH THEIR FAMILIES HIGH ON THE LIST OF THINGS THEY LIKE TO DO. THIS IS GOOD NEWS FOR ALL MEMBERS OF OUR DEMOCRACY.

in communities for a long time." Ann Magnusen, director of the Nursing Service at national Red Cross headquarters here, told me. "We have been waiting to find a way to cut down on the number of hours people had to go away from home and on the number of instructors needed."

Miss Magnusen said the Red Cross has never been able to reach some rural areas because of distance, lack of transportation and instructors. Mothers with young children, sick or aged folks to take care of, plus heavy household responsibilities, found it difficult to attend classes outside the home.

Use Telecasts

"The girls figure we are reaching 1,000 people in Houston by TV in their homes, they are getting what it would require 66 instructors to give an equal number—broken into groups of 15—in the classroom," Miss Magnusen explained.

The program is on time allotted to the Houston University School of Nursing on Station KUHT's educational program. In order to gauge the effectiveness of TV nursing instruction to laymen, three different groups of 200 pupils were set up, each group taking the same tests to see how much they knew before and after their courses. One group receives TV instruction only. Another watches TV but also comes into the classroom for practice with instruction. A third group in Oklahoma City is taking regular class instruction. The educational Testing Service of Princeton, N. J., made the tests.

"If the new method proves successful enough, we hope to get the program 'canned' and put it to use elsewhere in the country," Miss Magnusen said.

Here are some of the things taught on the TV series: how to take a temperature, how to give a bath and keep a patient clean and comfortable in bed, how to follow a doctor's orders on medication, how to change a bed with a patient in it.

COP SAYS MOON TWICE ADMITTED PLOT TO MURDER

WARREN, Pa. (AP)—A state policeman has testified yesterday that Moon twice admitted he planned to kill Judge Allison D. Wade.

Moon, 28, a Connelville, Pa., construction worker, is on trial for the murder of Judge Wade in the same Warren County courtroom where the judge was shot to death last Jan. 13.

Sgt. Charles C. Naddeo of the state police testified yesterday that Moon told him he had marked Judge Wade for death, and also intended to kill Harold Hampson, attorney for Moon's estranged wife.

Moon had been summoned before Judge Wade to explain his failure to keep up support payments to his wife.

Was Questioned Twice
Sgt. Naddeo said he and Sgt. John Mehalick and Warren Police Chief Michael Evan questioned Moon twice in Warren General Hospital, where the defendant was recovering from a self-inflicted bullet wound.

The first time, Naddeo said, Moon was unable to talk and nodded or shook his head to respond. At the second questioning, Moon was able to talk. Asked if he intended to kill Judge Wade and Hampson, he replied "yes," Naddeo testified.

Sgt. Mehalick and Chief Evan corroborated Naddeo's testimony.

FALLS TO HIS DEATH

SCRANTON, Pa. (AP)—Three-year-old William F. Wyatt Jr. was fatally injured yesterday in a 20-foot plunge from a Lackawanna Railroad trestle near his home.

Police said they were unable to determine whether the child fell from the trestle or was brushed by the steps of a yard train that passed over the span about the time the boy fell to his death.

Fire Chiefs of State Conclude Sessions Here: With a banquet at the Blue Parrot tea room this evening, the annual spring meeting of the Keystone Fire Chiefs Association will be concluded. James B. Aumen, chief of the Gettysburg Fire company, will preside as toastmaster.

At the meeting today the visitors were welcomed by Burgess C. A. Heiges, Col. E. E. Davis, superintendent of the national park, and Attorney Raymond F. Topper, who spoke on behalf of the local fire company.

Local Nurse Is Given 3 Awards:

Mr. and Mrs. William McClellan, West Middle St.; Mr. and Mrs. James Riegle, Chambersburg St., and Miss Anna Deardorff, West Middle St., attended the graduation exercises of the Harrisburg Hospital training school for nurses Thursday evening.

Miss Clara McClellan, daughter of Mr. and Mrs. William McClellan, was a member of the class. Miss McClellan was awarded a prize for the greatest improvement in class room work and nursing. She also was awarded the annual prize given by Dr. Joseph F. Reed of the hospital staff, for having made the best record in practical obstetrical nursing and a third prize for having done the best work in the class in the operating rooms.

Give \$34 for School Books: The last regular meeting of the Parent-Teachers Association was held in the high school auditorium Friday evening when the health classes of the high school furnished the entertainment.

A group of sophomore girls under the direction of Miss Sarah Black danced the Highland Fling. In the group were Anna Grimm, Louise Hartzell, Martha Stallsmith and Dorothy Voorhees. Another group of girls staged a Swedish Klappdansen. In this group were Virginia Mitchell, Josephine Codori, Mary Stock, Margaret Beales, Emma Ulrich, Nancy Horn, Lois Shirk, Mildred Keefe, Frances Myers and Jean Mumper.

An exhibition of athletic exercises was staged by a group of boys, under the direction of Eugene Martin. In the group were Robert Haner, Shull Irvin, William Swisher, David Reaser, Charles Rupp, George Bushman, Edwin Klinefelter, Dennis Pisco and Albert Bell.

Seaks. Doctor Mountain is on the staff at the Warner Hospital.

Build Special Vault to Keep Hospital Films: Several weeks ago, before the holocaust at the Cleveland Clinic Hospital, which claimed the lives of 126 persons, authorities at the Warner Hospital, realizing the danger of having more than a thousand exposed X-ray films stored in a steel cabinet inside the hospital, decided to erect a fire proof vault outside as a storage place for the pictures which have accumulated since the hospital was opened.

The contract for the erection of the concrete and steel vault on land at the rear of the hospital was awarded to the Peters Cement Products Company and work on the fire proof building was launched this week.

High Players Win Two Awards: By the able presentation of the farce comedy, "Obstinate," on Friday evening, the Gettysburg high school players won two of the three trophies offered at the second Central Interscholastic Dramatic contest held in the Eddie Plank Memorial gymnasium Friday and Saturday.

The cups won by the local high school was the one for second place among the seven schools competing

Today's Talk

GENUINE HAPPINESS

Genuine happiness is really a very cheap product. But people continually pay in ill health, worry, and a diverting of their power for happiness that is a mere counterfeit. The rules for happiness are few and simple. It takes neither wealth nor high intellectual attainments to be happy.

Many of the happiest people I have known have had comparatively little in material things. I have known shut-ins who were happy and an inspiration to all who knew them. Spreaders of cheer and hope. You search in vain for complainers among them. You can't buy happiness with possessions.

One of the happiest women I have ever known was the wife of a retired minister in one of the middle western towns in which I once lived. She had little but that little she spread out. It touched the lives of others less fortunate. Her smile was a benediction. She hunted out people to whom she could do a simple service. She was beloved by all, rich and poor, especially the poor. Her influence radiated. She was kindly and selfless. Her memory is a blessed one to me.

How easy it is to acquire knowledge and the simple virtues that add so much to happiness. All nature is an open book, from which anyone can gain enrichment. No one ever graduated from the College of the Out-of-doors! We are in school to it through-out life. God has put each lesson there. No human library can ever compete with nature, nor can any educational institution compare to it in breadth of interest and revealed wonders.

We can be as happy as the birds if we will but sing in our hearts the songs that they sing, and face the hardships as they do, without complaint. We only take to our graves the good we have done, and the happiness that we have known. All else melts away and is forgotten.

Tomorrow Mr. Adams will talk on the subject: "Examples." Protected 1954, George Matthews Adams Service

Just Folks

THE BEST LAND

If I knew a better land on this glorious world of ours
Where a man gets bigger money
and is working shorter hours.

If the Briton or the Frenchman had
an easier life than mine,
I'd pack my goods this minute and
I'd sail across the brine.

But, I notice when an alien wants
a land of hope and cheer
And a future for his children, he
comes out and settles here.

Here's the glorious land of Freedom!
Here's the milk and honey
goal

For the peasant out of Russia, for
the long subjected Pole.

It is here the sons of Italy and men
of Austria turn

For the comfort of their bodies and
the wages they can earn.

And with all that men complain of,
and with all that goes amiss,
There's no happier, better nation on
the world's broad face than this.

So, I'm thinking when I listen to
the wails of discontent,
And some foreign disbeliever
spreads his evil sentiment;

That the bread of hate and envy
that is sowing sin and shame
In this glorious land of Freedom
should go back from whence it came.

And, I hold it is the duty, rich or
poor, of every man
Who enjoys this country's bounty to
be all American.

Attorney's Wife

Killed In Crash

ARCHBALD, Pa. (AP)—The wife of a prominent Scranton attorney was killed yesterday and two companions seriously injured when their car went out of control and struck a culvert on the Scranton-Carbondale highway.

The dead woman was identified as Mrs. Marguerite DeLaney, 36, wife of Atty. Charles S. DeLaney. In fair condition at St. Joseph's Hospital in Carbondale are Miss Mary B. McAndrew, superintendent of Carbondale public schools, and Mrs. Phillip Jacob, of Norwalk, Conn.

Archibald Patrolman John Smith said the car, believed to have been driven by Miss McAndrew, was heading north when it suddenly careened across the highway and up an embankment.

In the contest and the other the one offered by the First National Bank for the best play to be given between the Gettysburg Academy and the Gettysburg High School.

In the cast of the Gettysburg High School show were Miss Anne Keet, David Stoner, Raymond Sheely, Miss Frances Eberhart, Robert Codori and Miss Kathryn Fissel.

Will Install Printers Here: The Gettysburg station of the state police will be equipped with telegraphic printer service, a new feature of the state police system, as soon as details of the state-wide program are worked out.

SUPER SKYHOOK SOARS 22 MILES INTO THE SKY

MINNEAPOLIS (AP)—Scientists said today it may take as long as a year to evaluate information gathered by the "Super Skyhook," a huge plastic balloon which soared more than 22 miles into the sky above Minnesota yesterday.

The immense bag was 282 feet long, about the size of an 18-story office building. The balloon came down on the farm of Marvin Arndt, two miles northeast of Madison Lake.

"It looked like a jumble of bed-sheets come loose from a clothes-line," said Wilbert Harty, a neighbor of Arndt's who spied the deflated plastic slithering to the earth. The 50-pound cylinder of instruments came down near Faribault.

Experts who tracked the bag through radio signals said it reached an altitude of between 117,000 and 122,000 feet. That would be a record for this type of balloon, constructed of polyethylene film about half the thickness of a human hair.

Largest Sent Aloft.

The balloon, constructed by General Mills, Inc., for the Office of Naval Research, was the largest of about 1,200 similar plastic bags that have been sent aloft in the past several years.

The experiments are aimed at gathering information on cosmic rays, weather data and other facts from high altitudes. Yesterday's flight covered a pattern of about 80 miles, south and west of Minneapolis.

The bag remained aloft about nine hours after its release from an airport near Minneapolis. It was deflated by an automatic ripcord device which released the instruments and tore the plastic.

HIGH COURT TO MEET OCT. 12TH ON SEGREGATION

By PAUL M. YOST

WASHINGTON (AP)—The Supreme Court is making plans to hear arguments on Oct. 12—the earliest possible date—on the form of final decrees to carry out its decision ending segregation of Negroes and whites in public schools.

Court Clerk Harold B. Wiley said today he hopes the arguments can be completed in one day. The nine justices will then weigh the matter in closed conference before issuing the decrees, perhaps shortly after the arguments, possibly months later.

The court, after ruling Monday that segregation of public school pupils because of race violates the Constitution, permitted delay in the final decrees to give officials in the 17 Southern and Border states affected time to work out plans for segregation.

District of Columbia officials announced yesterday that planned to integrate schools by the opening of the new fall term. President Eisenhower was quoted as expressing an interest and asking to be kept informed on progress.

Four States Involved

Nothing in the court's opinion prevents such steps to end segregation immediately.

Directly involved in the cases on the court docket, besides the District of Columbia, are South Carolina, Virginia, Delaware and Kansas. Other states which require or permit segregation in public schools were asked to file "friend of the court" briefs by Oct. 1 telling of their status on integration.

The only state to hint at open defiance was Georgia. Atty. Gen. Eugene Cook said he would refuse to take part in the October hearings. Gov. Herman Talmadge, backing Cook, called the hearing an invitation "to help select a knife to cut our heads off."

While disappointment was voiced elsewhere in the South at the decision, most officials felt the problem could be worked out if approached gradually and reasonably.

Want Brownell To Explain Administration Session Of Jan. 21; Details Barred

WASHINGTON (AP)—Republican senators sought today to persuade Atty. Gen. Brownell to explain the Jan. 21 administration meeting about which President Eisenhower has barred further testimony in the McCarthy-Army hearings.

Acting with informal backing from Senate Republican Policy Committee members, Acting Chairman Mundt (R-S.D.) of the Senate Investigations subcommittee was expected to urge Brownell to issue a statement giving limited information on the conference.

The subcommittee has been told that among those attending the conference were Brownell, White House Assistant Sherman Adams and Ambassador Henry Cabot Lodge Jr. When members sought further details, they ran smack into the President's order forbidding disclosure of any talks strictly within the administration about the row between Sen. McCarthy (R-Wis.) and Secretary of the Army Stevens and their aides.

McCarthy contends that further information about the Jan. 21 meeting is vital to his case. The hearings were recessed on Monday for a week to give the subcommittee time to study the issues.

Mundt and the subcommittee's special counsel, Ray H. Jenkins, planned to meet with Brownell during the day to seek modification of the President's order, which McCarthy said lowered an "iron curtain" against efforts to prove motives for what he terms "smear" charges against him.

Stevens has accused McCarthy and two aides, Roy M. Cohn and Francis P. Carr, of exerting improper pressure in efforts to get favored Army treatment for a former subcommittee consultant, Pvt. G. David Schine.

McCarthy fired back that Stevens and Army Counselor John G. Adams had tried to use Schine as a "hostage" in attempts to halt an investigation by his inquiry subcommittee into alleged Communists in the Army. McCarthy has stepped off the subcommittee while the charges are being heard.

McCarthy Complains

John Adams testified that Sherman Adams suggested at the January conference that he put in writing his complaints about the Schine case. McCarthy then said he wants to find out if higher officials took over from the Army responsibility for pushing formal charges against him. It was such a recital of complaints which formed the basis for the Army's charges.

Mundt was reported to have told the GOP Policy Committee in a closed session yesterday he believes more information about the Jan. 21 conference must be made available if the committee is to go on with its televised hearings on the controversy. Some members openly disagreed with this view.

Policy committee members were said to have been told, moreover, that Eisenhower is adamant against changing his order, on the historical ground that conversations and communications between his advisers must be kept confidential.

Arms For Army

Wiley had been seated beside Dr. Chocano during dinner and told newsmen later he and the Guatemalan diplomat discussed the arms shipment, "but only very briefly."

"Dr. Chocano told me that it was only about 400 tons of arms and that they were all for the army," Wiley said. "There was nothing personal, of course, in my remarks."

In his speech, Wiley called for "a hitherto consultation" on what he termed the "alarming" development in turbulent Central America.

Ireland Counting Election Ballots

DUBLIN, Ireland (AP)—Officials began counting the votes today from Ireland's parliamentary election. Final results were expected late tomorrow night or sometime Friday.

Observers guessed that about 1,200,000 voted in the poll yesterday to determine whether veteran Prime Minister Eamon de Valera will continue to lead the country. His Fianna Fail party was opposed by a four-party opposition headed by former Prime Minister John A. Costello.

YANKS PLEDGE MILITARY AID TO PAKISTAN

WASHINGTON (AP)—The United States formally pledged today, to provide "military equipment and training assistance" to Pakistan's armed forces.

The agreement, bitterly opposed by India, was signed at Karachi by Pakistan's foreign minister Sir Mohammed Zafrulla Khan, and John Kenneth Emerson, American Embassy charge d'affaires.

The action, announced here, paves the way for sizable shipments of American weapons to modernize Pakistan's army so it can help guard that Asiatic region against possible Communist aggression.

In an obvious move to reassure India, the United States and Pakistan simultaneously exchanged notes setting forth "their mutual understanding" that the agreement: 1. Does not involve granting of military bases on Pakistan soil to the United States.

2. Does not establish a military alliance between Pakistan and the United States.

American defense strategists regard arms aid to Pakistan as part of a move to build up the defensive strength of the entire Middle East.

GARLAND MONEY PUSHED NEGRO EQUALITY STUDY

WASHINGTON (AP)—In the late 1920s a man who believed no one should enjoy money he didn't earn set in motion a chain of events which are changing American social history.

He was Charles Garland, a white man whose father left him a million dollars. In his belief he had no right to the money, Garland set up a fund to hand it over to causes and organizations he considered good.

One of these was the National Assn. for the Advancement of Colored People. His fund for the NAACP was \$100,000 in securities. But the stock market crash of 1929 reduced its value to \$30,000.

In an interview last night Walter White, who joined the NAACP in 1918 and now is executive secretary, said the \$30,000 was enough to change the direction the NAACP was taking and put it on the offensive.

This new direction led to a series of test cases over 25 years in the Supreme Court, which on Monday ruled segregation in public schools is unconstitutional.

But in White's words the NAACP in 1929 was very much on the defensive. It could not afford a full-time lawyer.

It was fighting discrimination against Negroes on a scatter-gun basis. Here and there it took on, without long-range planning, cases to fight in the courts. But it had to depend on the help of volunteer lawyers.

Negro Legal Study

With the Garland money the NAACP for the first time was able to pay for a complete study of the legal status of the Negro in America. This provided a background for planning years ahead. On what White calls a "broad frontal attack on the basic causes of discrimination."

Then in 1930, with the help of Garland's money, the NAACP hired its first full-time lawyer, Charles H. Houston of Washington, an honor graduate of Harvard.

The NAACP leadership wanted segregation anywhere—in schools, buses, trains—wiped out by the Supreme Court. But the Supreme Court itself was a gigantic handicap.

In 1906 it had ruled that segregation itself did not violate the Constitution's 14th Amendment—which says all citizens must be treated equally—and that the only time there could be a violation was when segregated Negroes were not treated equally. This ruling stood through the years.

To the NAACP this separate but equal doctrine was wrong because, in its opinion, whenever there is segregation Negroes get the worst of it and segregation itself means unequal treatment.

YS WINS FINAL ON NO-HITTER

York Springs High School closed a successful baseball season Tuesday afternoon as three hurlers combined to pitch a no-hit no-run game over New Oxford, 4-0, on the York Springs diamond.

Dan Williams, the winner, pitched the first two innings; Ronnie Weigle the middle three and Charley Koons the final two frames. They struck out a total of 10 batsmen and walked four.

The victory gives Coach "Pete" Kemper's team a 10-6 record for the season. The loss was the eighth in 11 starts for Russ Sohnleitner's outfit which also closed its campaign.

Playing their final game for York Springs were the following seniors: Brough, Williams, Cashman, Miller and Golden.

With the race so tight, a single victory or loss can send a team bouncing up or down the standings. Last night, for example, the New York Giants went into their game with the St. Louis Cardinals in third place but with a chance to take over first if they won. Instead, they got beaten 9-3 and tumbled to fourth.

The Cardinals took over third, where they trail the leaders by a bare four percentage points.

Brooklyn and Philadelphia both lost last night. The slumping Dodgers again were held to a single run and bowed 7-1 to Warren Hacker and the Chicago Cubs. Milwaukee beat the Phillies 6-2. Cincinnati defeated Pittsburgh 6-5 in the other National League contest.

The first-place race in the American League also is close but it doesn't go as deep into the standings. Fourth-place Detroit is only two games out, but Baltimore, in fifth, is 6 1/2 behind.

Cleveland hung on to the lead by whipping Boston 6-3 for its sixth straight victory. The New York Yankees moved into second with a come-from-behind verdict over the Chicago White Sox 4-3. Detroit trimmed Philadelphia 8-3 and Washington defeated Baltimore 3-1.

Schoendienst Hits Homer
The Cardinals converted six hits into six runs in the first two innings with the help of two Giant errors. Red Schoendienst hit his first homer in the eighth. Hank Thompson hit one for the Giants. Gerry Staley stayed the distance for the second time this season and picked up his third victory. Stan Musial singled twice, walked twice and struck out.

While Hacker was taming Brooklyn on four hits, the Cubs opened with four straight singles and scored four runs in the first inning against Billy Loes. The only Brooklyn run came in the seventh on Duke Snider's blast over the scoreboard.

Court Simmons pitched three hitless innings for the Phils against the Braves and held a 1-0 lead going into the sixth when his magic expired after an error by Granny Hamner let in the tying run. With two on and two out, Johnny Logan tripled and rode home on a single by Del Crandall.

Rosen Pounds 2 Homers
Al Rosen blasted two home runs and drove in another with a double for Cleveland. Boston got three runs in the first two innings off Art Houtteman, who was replaced by Bob Chakales in the second. Hal Newhouse worked the last two innings.

Ted Williams played at night for the first time and collected one single in four appearances. He failed twice with the bases loaded and two out.

The White Sox pulled away to a 3-0 lead only to get caught by the

Cardinals in the eighth when, with two out and one on, Gene Woodling hit a home run. In the ninth, with two out and two on, Yogi Berra drilled a single off Don Johnson for the winning run.

Steve Gromek became the winning pitcher in either league when he picked up No. 7, for the Tigers at the expense of the Athletics. The former Cleveland right-hander won only seven all last season. He's been beaten once.

South Penn Trophy To GHS

ANGRY MOTORIST PAYS

BURLINGTON, Mich. (AP)—Abe Lepper, 24, stopped his car alongside another to ask directions—then did a double take.

"Why you're the same—that hit me in 1945," Lepper roared. Ernest Lux, 50, rolled up his window and zoomed away but Lepper gave chase and rammed into Lux's fender.

Justice Court received Lepper's \$61.50 fine on charges of assault and battery.

Motorist Injured In Dillsburg Crash

A 31-year-old Maryland truck driver suffered a possible fracture of the pelvis and injuries to the left hip when his tractor trailer upset at 9 o'clock Tuesday night on Route 15 at the intersection of the road leading into Dillsburg.

Donald O. King, Reisterstown, was treated at the scene and removed to the Hanover Hospital, where he was admitted as a patient. The injured man, pinned in the cab for about an hour, was extricated from the wreckage by passing motorists.

State police from Harrisburg said the accident occurred as King swerved the truck to avoid hitting an automobile driven by Sylvan Wiley, Dillsburg R. 1. Damage to the tractor trailer owned by Wilmer E. King, Reisterstown, was estimated at \$4,500. Dillsburg Fire Company stood by at the scene.

ACTOR SAYS DIRECTOR
OMAHA (AP)—Movie star Charlton Heston says:

You can't tell by watching an actor in the movies whether or not he is good. You can only tell whether he has been well directed. Heston, who has been on the stage and in television as well as the movies, said during a visit here "the actor contributes very little to a movie. On the stage, the story is told with the actor, and the actor is the medium."

A good movie director, Heston holds, can take a bad actor and make him appear adequate, at least, on the screen, for the director is actually the primary creative artist. Another thing: Heston states he thinks the actor's relationship with the audience—sometimes called empathy—is highly overrated.

DRAIN PROBLEM IN DILLSBURG IS DISCUSSED

Members of the borough Council conferred with Kenneth McDowell, manager of the Metropolitan Edison Company, the drainage problem at the utility's new building site, at its recent meeting. All councilmen were present, except Treasurer W. B. Wierman, who was ill.

McDowell volunteered to enlarge the present open drain to provide some temporary relief until the new building gets underway. However, councilmen agreed that further planning in that area of the borough is necessary to solve the problem.

Council recommended that the borough insurance should be distributed among local agents instead of its centralization in one agency.

Councilman Ray Grove, reporting for the Streets committee, suggested plans to solve some of the serious street paving problems, especially improvements from South Baltimore and Franklin Sts. past the shoe factory to Jones Store on 2nd.

"I can do just as well—often better—before an empty house," he says.

LARGE CROWD ATTENDS MAY DAY PROGRAM

A large crowd attended the recent May Day program conducted in the York Springs Fire Hall.

The high school band opened the observance with the selections, "Jubilee March," and "Enchanted Hour," followed by the Junior Chorus' vocal offering, "Come to the Fair," and "Hand Me Down My Walking Cane." The band gave "Elena Polka," a trumpet trio featuring Charles Koons, Ronald Weigle, and Gary Miller, and "On the Square March," with baton twirling by Shelly May.

The Girls' Chorus sang "It's Spring," and the Mixed Chorus offered, "America, Beloved Land," and "Skip to My Lou." The band presented the "Fortuna Overture," and the Washington Post March, with baton twirling by Phyllis Yohn.

A Girls' Octet sang, "Comin' Through the Rye," and "Blue Moon." A band selection, "They Call It America," and the combined Junior and Senior Chorus, "Battle

Jobs To Cost \$7,000

The committee was authorized to proceed with these two jobs, estimated cost of which is \$7,000. Due to surveying and ordination problems, Councilman Grove reported that the rough is unable to proceed with paving the street in front of the Capitol Engineering Corp. at this time.

The secretary reported increased building activity in the borough there having been nine building permits issued since April 1, with estimated construction cost of \$40,600.

Councilman Eugene S. Cromer of the Sewer committee reported that he had been directed by a property owner to arrange for a sewer connection but that when he had taken the plumber to the property, the owner refused to proceed. The matter was referred to Solicitor Charles V. Miller for action.

There was considerable discussion regarding an ordinance whereby property developers are held responsible for installing utilities and streets. Opinion was expressed that the present price of land was not high enough to warrant this expense. Councilmen were in agreement that they desired to encourage new building within the borough and they were prepared to consider any reasonable proposition presented by prospective developers.

Washington News Letter

By Jane Eads

WASHINGTON (AP)—American library techniques will be used in organizing the library of the Russian Institute, set up by refugees from the Soviet Union in Munich after World War II.

In charge of the job will be Mrs. Lucia Borski, a softspoken little Polish-born brunette, who is taking a six months' leave from her job here as reviser in the Slavic language section of the Library of Congress' catalogue division. The American Committee for the Liberation from Bolshevism, sponsors of the Institute, invited her to help build up the library of some 14,000 books, periodicals and manuscripts collected from Western Germany over the past several years.

Mrs. Borski, whose father was an exiled Warsaw bookseller, "grew up among books," was graduated from New York University and attended the Columbia University library school. Before coming to the Library of Congress in 1944 she was on the staff of the New York Public Library.

Translated Polish Books
Mrs. Borski, the wife of a retired textile designer, Stephen Borski, is widely known for several enchanting folk lore books she has translated from Polish, including "The Jolly Tailor," "The Gypsy and the Bear" and legends of the Virgin Mary in "The Queen of Heaven." She also translated the verses, based on folklore, of Janina Porazinska.

"There are others coming up," she told me, "but when I will get around to completing them now, I don't know."

Mrs. Borski wasn't eager at first to leave her husband, her neat little house and garden, her job and her dog, Baydus. She suggested the assignment be given instead to a friend. When the friend was unable to accept the offer, she cast around for someone else.

"Why don't you go yourself?" her husband suggested. "You are familiar with many languages. It will be a great opportunity to do something good." "With him urging me to accept," she said "I couldn't very well refuse. I guess he and Baydus can get along until I get back home next autumn."

WASHINGTON (AP)—Giving Washingtonians a breather from topics political were two visitors long among the most luminous of the glamor girls of the entertainment world.

The beautiful Marlene Dietrich, even prettier in real life than she is on the screen, came to town to see her daughter, Maria Riva, playing in "The Burning Glass," and Hildegard, the singing star, had an engagement at a hotel restaurant.

What impressed those who met Miss Dietrich was the odd fact that the svelte lady with the enviable figure EATS! Local columnists who met the actress at a small reception given in her honor by Mrs. Henri Bonnet, wife of the French ambassador, went on at length

Gives Thirty Talks In Thirty Days

In the process of giving 30 addresses in 30 days, Rev. William T. Swaim, Jr., pastor of Monaghan Presbyterian Church, includes the following speaking engagement: All-college recognition luncheon for the students and faculty at Elizabethtown College; commencement dinner meeting of the Whittemoyer Laboratories school for salesmen of chicken medicine, Myerstown; assembly of incoming officers of Rotary Clubs of this District, Red Lion, and joint meeting of the Family Relations Classes at Dickinson College. Within 10 days he has shown the color pictures of the seven Presbyterian Homes to groups at Harrisburg, Carbondale, Scranton, Paradise and DuBois.

His engagements for next week include the commencement address at the Reade Township High School near Altoona.

At the Monaghan Presbyterian Church he is presenting a series of sermons on "Growing Older Gracefully."

BLAME FATHER FOR LOSS OF 5 KIDDIES IN FIRE

WILLIAMSPORT, Pa. (AP)—The father of five sleeping children burned to death two weeks ago was charged with involuntary manslaughter today and held for court.

Bernard J. O'Brien, 32, was released on \$1,000 bail by Alderman William J. Mussina, after a coroner's jury found him responsible for gross negligence in the deaths. Five of O'Brien's six children, 2 to 10 years old, suffocated early May 3 when fire swept the downstairs of their east end Williamsport home. The sixth child Patrick, 5, was burned seriously and only recently left the hospital.

A two-hour inquest conducted by Dr. Earl Miller, acting Lycoming County coroner, found "... that according to the testimony Mr. O'Brien had been drinking which left him in improper condition to properly care for his minor children who then and there were in his sole custody."

Mrs. O'Brien was visiting a relative's home at the time of the fire. O'Brien also suffered burns. A state fire investigator traced the blaze to a smoldering cigarette on a downstairs couch. The fire destroyed the ground floor of the home and sent terrific heat upstairs to kill the children.

about this.
"She kept up a rapid-fire conversation with the guests, and she also kept up a rapid-fire appreciation of the hors d'oeuvres," wrote one, adding "Diet is not in her vocabulary."

Among "Best Dressed"
One drama critic at the party was impressed by the fact that while both Mrs. Bonnet and Miss Dietrich are invariably on all lists of the World's Best Dressed women, "you don't notice what they're wearing."

"Instead," he went on, "you are struck by the fact that they are wholly interested in what they are saying, whom they are talking to."

If you're interested, Miss Dietrich was wearing a simple black dress, gold and diamond necklace and tiny rose-biege straw hat. The hostess was also in black, of equally simple fashioning, with straight skirt and slightly bloused top and with narrow bands of ermine edging the brief, wide sleeves.

Black Jersey Frock
Hildegard, guest at a fashion luncheon, was wearing a black jersey frock topped with a luxurious mink stole and an engaging little white feather hat. The chanteuse complained that the scales which she carries with her showed her three pounds overweight, so she

Highlight of the program will be a panel discussion on the mentally retarded child, by representatives from the local school board and the County and State Departments on Mental Health.

Mr. George Dohn, president of York County PTA Council, will install the following officers: President, Mrs. George Germeyer, 1st vice president, Mrs. Roy W. Smith; 2nd vice president, Cleo Kline; secretary, Mrs. Marshall Stevens; treasurer, Mrs. Charles Myers.

Ralph Lefever and Mrs. E. Tucker Dimer were involved in a four-car accident along Route 15 by-pass this week, but escaped injuries.

The Dillsburg Lions Club held its regular monthly meeting in Nell's restaurant Tuesday. John Cope announced the program, which included the Gettysburg Lions Club Quartet.

at 7:30 o'clock instead of May 20 as previously reported. Also the Dover High School Band will entertain at the church supper June 19, instead of the Dillsburg band.

MAN RETURNS TO SCENE

COLFAX, Wash. (AP)—One day when he was 15, Harold Doolittle slipped a dime into the cornerstone concrete of the rising Hamilton School.

Doolittle is now 78, but when he heard they were tearing down the old building he traveled the 60 miles from Spokane to put in a claim for his dime. The contractor told him to come back later; that it would be several months before the wreckers get to the cornerstone.

Judge Finds Medicine To Blame For Illness

KNOXVILLE, Tenn. (AP)—The man, arrested for drunken driving, pleaded he'd only been drinking, "half and half medicine."

"What are the halves?" asked city Judge Charles Kelly.

"I used a pint of whisky," the defendant said.

"What was the other half?"

"A quart of whisky."

PENNSYLVANIA CONGRESSMEN RENOMINATED

By J. FRANK TRAGLE
PHILADELPHIA (P) — All 30 of Pennsylvania's incumbent congressmen—19 Republicans and 11 Democrats—were renominated in Tuesday's primary and will seek re-election in November.

The list was completed today with the victory of Augustine B. Kelley of Greensburg, veteran Democratic representative from the 21st district. His vote was nearly four times the combined total for two opponents. In a much closer contest, Herbert O. Morrison, Scottsdale newscaster, won the Republican nomination with a total of 7,447 to 4,334 for James T. Kearney Jr. of New Kensington, and 3,300 for Harry W. Doernite, a blue line owner from West Newton. The figures were from 259 of the 262 precincts in the district. Kelley is the No. 2 Democrat on the House Education and Labor Committee.

Three-Way Contest
In a three-way Republican battle in the 25th (Butler-Lawrence-Beaver) district, whose result was not tabulated completely until some 10 hours after the polls closed, Rep. Louis E. Graham of Beaver won nomination for ninth term.

Graham, the No. 2 Republican on the House Judiciary Committee and chairman of the House Immigration subcommittee, had an unofficial count of 21,421 against 12,753 for State Sen. John Carl Miller of Aliquippa and 2,593 for Raymond Phillips, New Castle businessman.

One former member of the House Daniel J. Flood, Wilkes-Barre Democrat, was nominated without opposition in the 11th (Luzerne) district. He will face Edward J. Bonin, Hazleton Republican, who defeated him two years ago.

But one other former congressman, Chester H. Gross, York Republican, was defeated by Rep. S. Walter Stauffer, York Republican, in an unsuccessful come-back bid in the 19th (York-Adams-Cumberland) district.

Battle In Fall
Next fall's contest by 60 nominees for Pennsylvania's 30 congressional seats will play an important role in the crucial battle for control of the House. With the House so narrowly divided—219 Republicans, 215 Democrats, 1 independent—a hard fight seems assured for every seat.

The Senate is even more closely divided—48 Republicans, 47 Democrats, 1 independent, 1 vacancy—but Pennsylvania will not participate in that struggle this year. The Keystone State will not elect a senator until 1956, when the term of James H. Duff, Republican, will expire.

Nominated for Congress by districts were (X-incumbent):
1. Joseph A. Graham Jr., Philadelphia (R), X-William A. Barrett, Philadelphia (D).

BETTER FUTURE FOR ANTHRACITE IS PREDICTED

WERNERSVILLE, Pa. (AP)—A "definitely favorable future" for anthracite was predicted today at the opening of the 46th annual convention of the Pennsylvania Retail Coal Merchants' Assn.

"Dealers and others should take hope," said Everett J. Decker, of Troy, N. Y., president of the Eastern States' Retail Solid Fuel Conference.

"New automatic anthracite equipment, both for burning and ash disposal, now makes anthracite as convenient as it has always been economical and efficient," Decker said. "We now have equipment second to none on the market; it is up to the individual dealer to show his customers that in anthracite they have definitely got 'the fuel of the future.'"

Plan Caravan

The delegates also heard plans for the new anthracite caravan, a specially built truck which will tour the major marketing areas demonstrating all the latest anthracite units. The caravan will include the industry's new \$30,000 motion picture, "Black Diamonds," which will be premiered here tomorrow.

Another portion of the industry's public relations program includes a model anthracite home soon to be built in a Philadelphia suburb.

Newsman's Seminar Opens At Penn State

STATE COLLEGE, Pa. (AP)—The fourth annual two-day seminar for newspapermen began here today with emphasis on discussions of the problems of reporting events in the area of law enforcement.

Other talks and discussions periods are scheduled for tonight and tomorrow.

The program is jointly sponsored by the Pennsylvania Society of Newspaper Editors and Pennsylvania State University.

It will include all the latest equipment and will utilize anthracite in its construction details.

A new automatic ash removal device was demonstrated. Using a simple vacuum principle, the device removes all ashes from a furnace and deposits them in a dustless container outside the home.

Also discussed was an automatic coal vending machine which delivers small amounts of coal already bagged for carrying home.

80 WOUNDED REMOVED FROM DIEN BIEN PHU

By LARRY ALLEN

HANOI, Indochina (AP)—At least 80 more wounded were expected to arrive here tonight from captured Dien Bien Phu as the French mobilized all available helicopters and light planes to speed the mercy shuttle.

Coincident with the step-up of evacuations, the French intensified their air assaults on rebel troops moving out of Dien Bien Phu along the 70-mile highway leading towards the strategic Red River Delta, seen as the next Vietnamese target.

(A source with the Vietnamese delegation in Geneva said Genevieve de Galard Terraube, French Air Force nurse who was the only woman in the fortress, would be released today.)

5 Frenchmen Escape

(A French News Agency dispatch from Hanoi said five French Union soldiers had escaped from Dien Bien Phu and had made their way to a French outpost in North Laos. The five, who reportedly broke out of the bastion's isolated southern stronghold "Isabelle," were the first known to have escaped from Dien Bien Phu.)

Three top French generals flew into Hanoi today for a first hand picture of French defenses against an expected massive Vietnamese attack from the west on the vital Red River Delta.

The visitors are Gen. Paul Ely, the French chief of staff; Gen. Raoul Salan, former commander in chief in Indochina, and Gen. Pierre Pelissier of the general air staff.

Rush Mercy Lift

They were rushed out from Paris after the fall of Dien Bien Phu for an intensive study of the over-all military situation. The French Cabinet is expected to base its future decisions on military policy in Indochina on their report.

The speedup in the mercy lift was made urgent by the Vietnamese refusal so far to repair the fortress' main airstrip sufficiently to permit the landing of transport planes which could carry big cargoes of wounded.

The helicopter shuttle is expected to take much longer, but the French hope that by using all available light craft they can fly out about 80 wounded a day.

The rebels have indicated they would permit evacuation of 753 wounded.

Up to today, only 29 had been flown out.

THIRD SECRET CONFERENCE IS HELD IN GENEVA

GENEVA (AP)—The Indochina peace talks were resumed in another secret session today without any sign of progress.

As the third consecutive restricted meeting got under way, the nine-party conference was reported tightly deadlocked over Western demands that Communist forces withdraw immediately from Laos and Cambodia.

At the same time, France established direct contact here for the first time with the Vietminh in an attempt to settle the controversy over the evacuation of wounded from Dien Bien Phu. The two delegations appointed special representatives. They conferred briefly, but had nothing to say after the meeting.

Discuss Strategy

The top diplomats of the Western Big Three discussed strategy for more than two hours this morning at British Foreign Secretary Anthony Eden's villa. There was no official announcement as to their decisions.

France and the United States were reported pushing plans for a Southeast Asia pact.

A source close to French Foreign Minister Georges Bidault said secret French-American talks which have been going on in Washington, Paris and Geneva the past few days would continue regardless of how the Geneva parley progressed.

Work On Pact

In view of the stalemate, a French source said, France and the United States had agreed to go ahead with plans for an Asian defense pact without awaiting British approval. The British contending such negotiations should await the outcome of the Geneva conference.

The French oppose the delay. They fear the Communists may try to keep the conference enmeshed in endless debate while the Vietminh build up strength to mount a massive attack on the strategic Red River delta. When that happens, France wants to have her allies ready to fight without delay.

APPRECIATION

I am very happy to express my most grateful thanks and appreciation to the Republican voters of Adams County who, in Tuesday's primaries, again expressed their confidence in my chairmanship of the Republican County Committee.

By virtue of their "expression by ballot" I am directed to continue the leadership with the cooperation and assistance of all the committeemen and committeewomen and all other Republicans who are vitally concerned with the future welfare of our County, our State and our Nation.

The campaign is over. There never was and there never will be any feeling of animosity on my part. I invite all factions of the great Republican Party to unite. Let us strive, through our continued hard work and perseverance, to continue the GOP in power. Let us forget past differences and let us look to the future with hope and confidence.

Respectfully,

JOHN H. BASEHORE

Both Organization-Backed State-Wide Slates Capture Nominations In Primaries

PHILADELPHIA (AP)—Organization-backed Republicans and Democrats scored comparatively easy primary victories in Pennsylvania yesterday with only slightly more than 29 per cent of the state's five million eligible voters going to the polls.

It was one of the lightest statewide vote turnouts in Pennsylvania in recent years.

The nominees to succeed Gov. John S. Fine are Republican Lloyd H. Wood, 56, present lieutenant governor and "harmony" choice of the GOP leadership, and Democratic State Sen. George M. Leader, 36, nominee of the party's state policy committee.

Riding to victory with Wood on the GOP slate were candidates for

sharply contrasted with four years ago when the Republicans engaged in a knock-down, drag-out fight with Fine and U. S. Sen. James H. Duff won the GOP nominations to their present posts, and apparent control of the state party machinery, from candidates backed by National Committeeman G. Mason Owlett. Since then Duff and Fine have cooled in their relations.

Wood's Running Mates

Picked as Wood's running mates yesterday were Atty. Gen. Frank F. Truscott for lieutenant governor; Mrs. Gaynelle M. Dixon for secretary of internal affairs; and John T. Bell, George M. Griffith and incumbent Robert E. Woodside for Superior Court.

Yesterday some 23 per cent of the registered Democrats picked as Leader's running mates contractor Roy M. Furman for lieutenant governor; Democratic State Secretary Genevieve Blatt for secretary of internal affairs; and incumbents Chester M. Rhodes, F. Clair Ross and Woodside for Superior Court.

Wood, a southeastern Pennsylvania attorney, has moved from the county level successively through the State House of Representatives, Senate and lieutenant governorship. He was picked by a group of party leaders, including Fine and Owlett, in January and had taken opposition in yesterday's balloting.

His Democratic opponent in November is a south central Pennsylvania turkey grower and the son of a former state senator and veteran Democratic political leader. He defeated Allegheny County Coroner William D. McClelland in the primary.

The vote for governor: Republican: In 6,243 of 8,589 precincts, Wood, 510,250; Thomas S. Stephenson, 120,893; Gordon F. Chamberlin, 30,831.

Democrat: In 6,094 of 8,589 precincts, Leader, 201,186; McClelland, 126,166; Charles J. Schmitt, 23,809.

In a statement claiming victory for the ticket, Wood said the results were a "vote of confidence" in the party. In an obvious reference to the defeated candidates, Wood said "we must now go forward as united party."

"Solutions will be developed in the coming months for any problems," he promised.

Leader said he was "grateful for the confidence people have placed in me . . . I plan to do a lot of personal contact work through the rural areas."

OAKLAND, Calif. (AP)—Daniel Robel, 21, a Shepton, Pa., sailor on the carrier Oriskany, was injured fatally in an automobile collision today on the San Francisco-Oakland Bay Bridge. He died in Oakland Naval Hospital.

Robel's car was hit head-on by one driven by William T. Meyers, 31, a Richmond, Calif., cook and baker. Highway Patrolman John Billeu said Meyers was speeding 80 miles an hour on the wrong side of the bridge deck. He was killed instantly.
